10. Urea ^②			
(i) Production volume	26.19	15.82	65.53
(ii) Sales volume	25.84	14.39	79.56

Notes:

1. The changes in production volume and sales volume of full range liquid paraffin and crude liquid wax, etc., compared with the same period of last year, are mainly due to the fact that Shaanxi Future Energy Chemicals Co. Ltd. proactively took flexible production, optimize product mix in respond to the market, causing changes in production and sales volume.
2. The increase in production volume and sales volume of urea, compared with the same period of last year, is mainly due to the fact that Yankuang Lunan Chemicals Co., Ltd. began producing urea in the second quarter of 2024, while no urea products were produced during the same period of last year.
3. The production and sales volume set out in the table above were rounded, but the increase or decrease is calculated according to the original data before rounding.

As the operational data is influenced by various factors (including but not limited to the adjustment of the macroeconomic policy of the state, changes in domestic and overseas market conditions, seasonality, bad weather and disasters, equipment maintenance and safety inspection), the operational data for each quarter may differ substantially. The operational data may differ from the data disclosed in the periodical reports for the relevant period. The operational data disclosed in periodical reports shall prevail if there is any discrepancy. **Investors should be aware of the investment risks associated therewith.**

By order of the Board
